110-1020 OSM Type Wire Markers

- Material : RoHS compliant & lead-free Soft PVC (V0 class).
- Color : White with black print.
- *Yellow color is available upon request. (M.O.Q. required)*
- Length : 5 mm.
- **Application :**
Pre-printed OSM Type Wire Markers are the PVC short tubing sleeves which were pre printed on only one number or letter by factory for the spelling purpose to the wire-identification works.
For example :
To spell A168, just use A 1 6 8 four kind of marker numbers to tubing on the wire.
